

Statement:

A woman had and still has an eminent authority in our culture. I try to show women who have pride, self confidence and their deserved position in the society. It's worth to mention that suppression never disappointed them or even reduce their hope and strength. My land Iran, a country with thousands years of civilisation would be always a home country for all the Iranians around the world. For Woman, Life, Freedom.

PEACE

Lithography on Cardboard

Nazanin jahangir 2023
